**Importance:** High

---

Hello Ann!

We received notice by publication in the *Houston Chronicle* of the EPA's extension of the time to submit comments on the Proposed Remedy for the San Jacinto River Waste Pits Superfund Site this morning (attached). The Notice is dated November 9, 2016 although communications state that today was the intended publication date. An email I've attached from one of community constituents indicates that the extension may have been requested. Can you shed any light as to who made the request? Nothing has been posted on the website regarding any of this.

Thanks

Rock W. A. Owens, Manager
